CONFIRMING SUBSEQUENTLY ENTERED ACHIEVEMENTS INCLUDING ASSIGNED COURSES

FOR THE SPECIAL AUTHORIZATION “ZUORDNUNG VON MODULEN ZU MODUL-TYPEN”

Notes
- Students may enter achievements gained at other universities or from the time prior to Campus. These subsequently entered achievements need to be compared with their paper based counterpart and then confirmed. The person with the special authorization “Zuordnung von Modulen zu Modul-Typen” is responsible for the confirmation.
- There are two possible confirmation methods:
  a. Confirming multiple achievements simultaneously
     You may confirm multiple course or module achievements by a student at the same time.
     Instructions can be found in our ShortGuide “Best Practice: Nacherfassung”.
  b. Confirming individual modules including assigned courses
     In case there are only few achievements to confirm, confirmation can be performed module-wise.
     When confirming a subsequently entered module, all non-confirmed courses assigned to this module will also be confirmed (see following screenshots).
- Please assign any corresponding courses to the module prior to confirming it. After the confirmation is concluded, no further course achievements may be assigned. In case this should become necessary, you would have to withdraw the confirmation of the module.
- After the confirmation, the subsequently entered module can be assigned to a module-type. A manual can be found in our ShortGuide “Assigning modules to module-types”.

Advice for the exam date
- Achievements gained in a semester on leave or before studying at the RUB have to be entered with the current date (i.e. the date of subsequently entering the achievement).

Step 1
Log into Campus with the special authorization “Zuordnung von Modulen zu Modul-Typen”.
Enter the matriculation number of the student you would like to confirm subsequently entered achievements for.
Next, click on “Suchen”.

Step 2
In the category “Modulspezifische Leistungsnachweise – keinem Studiengang zugeordnet” (module specific achievements – not assigned to a field of study), click on the plus-symbol next to the module you would like to confirm. This expands the module.
Step 3

In the column "Gesamtnote" click on the link "Bestätigen" to confirm the module achievement and all assigned course achievements.
